WORK EXPERIENCE

City Mechanical, Inc. *IT Manager*

Hercules, California
November 2022 - Present

- Developed internal company tooling saving hours per week per employee.
- Streamlined all hardware lifecycles for a better managed, cost effective, IT strategy.
- Cut inefficiencies in current IT operations that saved the company tens of thousands of dollars.

Tech Wizards, Inc. *Software Engineer I*

Dahlgren, Virginia (Remote)
February 2020 - November 2022

- Supported the Surface Training Advanced Virtual Environment Combat Systems (STAVE-CS) Virtual Maintenance Trainer (VMT) projects, a collection of Unity-based virtual world maintenance trainers.
- Designed and developed the Operational Readiness Test System (ORTS) for the STAVE-CS VMT projects. Leveraged real-world big data to dynamically construct a virtual ORTS instance based on the appropriate STAVE-CS VMT project.
- Led a small team of developers and managed a business relationship with Lockheed Martin engineers to assist with the development of ORTS for the STAVE-CS VMT projects.
- Key developer for an internal group of assemblies that increased the overall stability and development speed across all STAVE-CS VMT projects.

City Mechanical, Inc. *Software Engineer*

Hercules, California (Remote)
September 2016 - November 2022

- Designed, developed, and deployed the company's website.
- Developed internal form system and API to improve day-to-day operations for field and office employees.
- Improved overall satisfaction for customers and employees, leading to an increase in revenue and operational efficiency.

Masters Woodworking, Inc. *Freelance Web Developer*

Half Moon Bay, California (Remote)
September 2017 - June 2021

- Re-designed and developed their current website leading to an increase in customer acquisition.
- Optimized performance of the overall website - vastly improving load times.
